Hi Libby,

As for now we do not have regularly scheduled meetings with the County Commissioners or the Congressional offices. With the County Commissioners we do meet on a more regular basis once activities pick up, but now they are more ad hoc. I will let folks know when they are going to happen.

As for CFAC, we have not had a stakeholder meeting since October 2017. The next one will be scheduled for May (tentatively) Robert always captures those. These meetings are not on a regular basis as well, per the community and elected officials request.

Thanks,
Mike

Subject: Due today - Libby and Anaconda Aluminum Outreach
Importance: High

Hi all,

At the request of Patrick Davis we've been providing him information on outreach activities at Superfund sites where we are meeting with Stakeholders. This includes meetings with congressional staff and local officials. OCPI has an outreach calendar that the CIC's populate with upcoming outreach activities which I then pull from to share with Patrick. There are 2 sites that I believe we still have public meetings we participate in that aren't getting captured in the OCPI Calendar.

Libby Site - Mike, since there's no longer a CIC specifically assigned to OU4 you'll need to let us know when you're meeting with Lincoln County Officials and whether you're continuing the Congressional meetings. These will need to be captured in OCPI's outreach calendar along with any other external outreach. You can send the information to me and I'll populate it on the Calendar.

Anaconda Aluminum – It's my understanding that we participate in the Community Liaison Panel meetings for this site. Correct me if I'm wrong. Our participation in this community stakeholder group isn't getting captured as well and needs to be.

Patrick has asked for both March and April meetings. I will be sending him the information by 4:00 today. Please send me the following by no later than 3:00 today for the 2 above sites. If there are no plans to participate in any stakeholder meetings let me know.

What meeting and with who?

Date/time and location.

Purpose of the meeting.

In the future please be sure to let us know of planned stakeholder outreach so that the OCPI calendar can be populated appropriately.

Thanks, Libby
